Friday, Feb 2 (9:00 pm) -
Sunday, Feb 4 (11:00 am) @ Living River

Keynoters: Emily Morrell and Rachel VanKirk Mathews

Emily is a first year at Columbia Theological Seminary, but calls the mountains of northeast Tennessee home. She went to college in central Kentucky and has worked in churches from Philadelphia to Jacksonville; and, while church work is great, her real passion lies in seeking out great coffee shops and bookstores. Emily is a huge theatre nerd, loves hiking, and adores Lady Vols basketball.

Rachel is a third year student at Columbia, and was raised in the suburbs of Huntsville. She and her husband met in high school, and then she went to Alabama and he went to Auburn. During her years at Alabama she was involved in the UKirk campus ministry and studied Electrical Engineering. After graduation, they moved to Georgia where outside of work and school, Rachel enjoys being with friends, hiking, and trying new foods.

NOTICE TO PARENTS/GUARDIANS:

Under the Presbytery policy, in case of accident or illness, the camper's personal insurance will be the primary insurer. Presbytery insurance does not apply until the camper's personal insurance coverage has been exhausted. Please fill out medical/insurance information completely. Thank you.

Adult Chaperone Information:

Each church needs to provide its own chaperones. These chaperones MUST be compliant with the presbytery's new Child Protection Policy. If you have questions about this policy, please visit: <http://pslpcusa.org/resources/>

- Each church should background check all adults who are involved with children and youth.
- We recommend at least 1 adult per 8 youth.
- All adults pay just like youth. PSL has to pay for every bed slept in and every meal eaten, whether youth or adult.
- We know some smaller churches often don't have chaperones available. If your church has youth who want to attend but no chaperones, please contact Catherine Goudreau and she will pair your youth with another church.
- All adults attending will be asked to help create a safe environment.
